

# DK7 GEN 2

7-PIECE

DRUM MICROPHONE KIT

EARTHWORKS AUDIO

## PRODUCT INFORMATION

**Product Full Name:** Earthworks Audio DK7 2nd Gen 7-Piece Drum Microphone Kit

**Product Short Name:** DK7 Gen 2

**Product ID/ SKU:** DK7 G2

**Short Description:** 7-Piece Drum Microphone Kit For Microphones for Kick Drum, Snare, Toms, and Overheads. Includes 4 DM20 Gen 2s, 1 SR25mp Gen 2, 1 DM6, 4 RM2 Rim Mounts, 2 Microphone Clips, Microphone Bags, Foam Windscreens and a Custom SKB Case

**MAP:** \$2999

---

# THE BEST OF ALL DRUM MIC KITS

You picked the best cymbals, you chose your favorite wood tones, you obsessed over your snare sound — your drum tunings are perfect and your kit is immaculate. So why would you even think about anything other than an Earthworks DK7? And now with the 2nd generation DM20s and SR25 overheads, the all-new 2nd generation DK7 is even more luxurious. Even if you're just recording your practice sessions at home, your drums deserve this level of quality and craftsmanship.

## WHY DK7 GEN 2

### New Active Electronics

We've hardened the internal electronics to draw less phantom power, and we've built in additional protection features to safeguard against accidental hot swapping. We all know that you shouldn't plug in a condenser microphone with the power engaged but we also know that's an inevitability in the field sometimes. These new stacked changes make the DK7 Gen 2 more robust, more compatible, and more user-friendly.

### New Rim Mounting System

Everything about the DK7 Gen 2 is designed for speed — and that includes the speed of set up and tear down. The new and improved rim mounting solution for the tom and snare drums saves massive amounts of time while delivering a much better user experience. And it's compatible with even more kits and percussive instruments.

### Smaller, Stronger Case

The new SKB road case is more rugged, more durable, and easier to pack, load and ship.

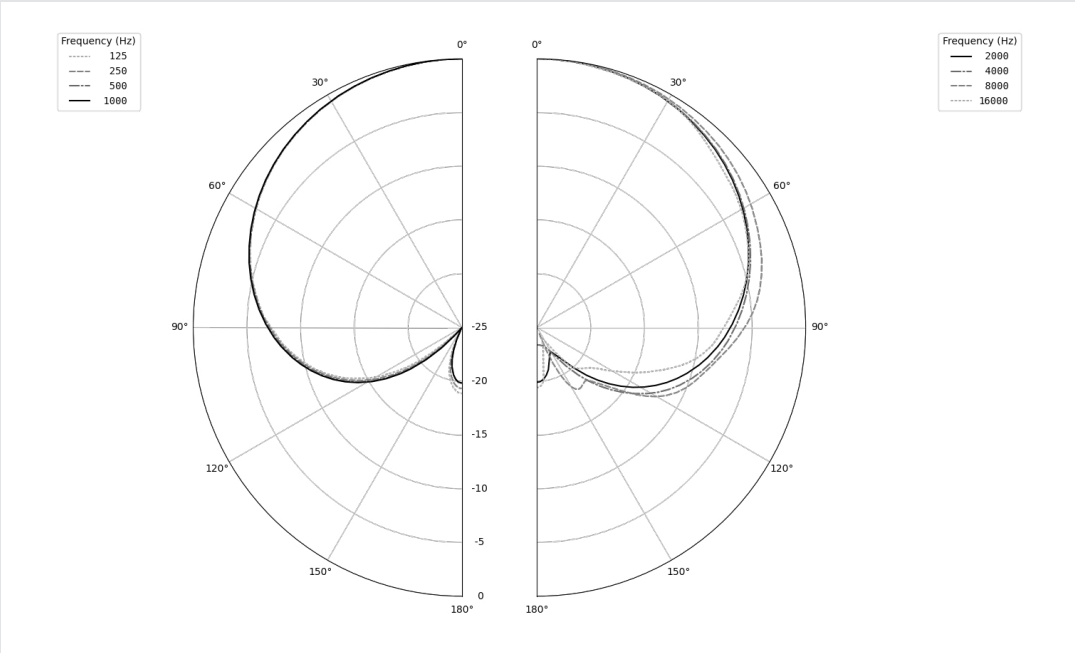

## KEY FEATURES

- Built for drum kits
- Designed for live stage performances but works equally well for televised productions, worship and studio recordings
- New machined look
- Even more clarity and presence than the DK7 Gen 1
- Custom SKB case is perfect for travel
- DM20 Gen 2 gooseneck allows for ultra-fine positioning
- Included RM2 Rim Mount provides secure placement onto the majority of drums on the market
- High SPL prevents clipping from even the loudest drummers
- Designed for very high gain before feedback
- Tight polar pattern
- Balanced, vibrant and natural sound right out of the box
- Designed, tuned, & assembled in the USA

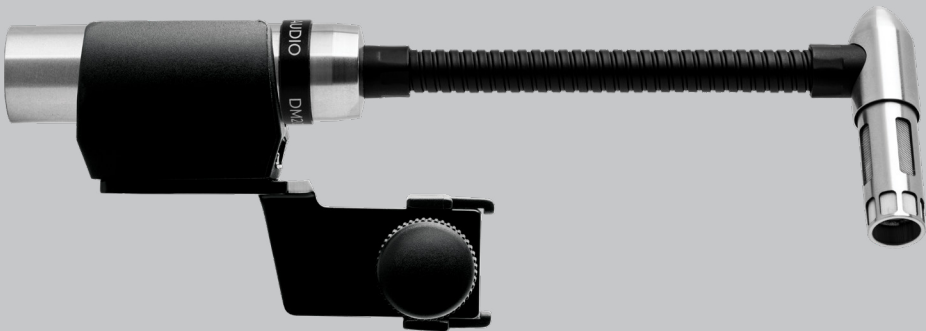

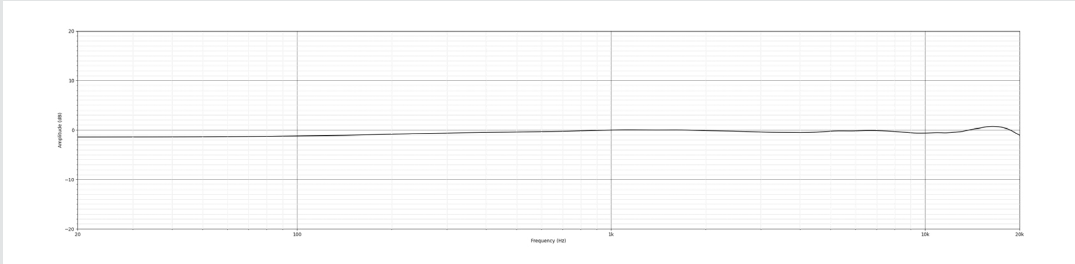

DM20 SPECIFICATIONS

DM20 GEN 2			
Frequency Response	20Hz - 20kHz	Current Consumption	48V, 6mA
Polar Pattern	Cardioid	Dimensions L x D	8 in x 0.860 in / 203.2 mm x 21.84 mm
Maximum Acoustic Input	157 dB SPL	Gooseneck L x D	3.5 in x 0.375 in / 88.9 mm x 9.53 mm
Sensitivity	-51 dBV/Pa (2.8 mV/Pa)	Weight	0.40 lbs / 0.18 Kg
Microphone Type	Condenser	Manufacturer Part Number	DM20 G2
Minimum Load Impedance	1000 Ohms	Included Accessories	RM2 Rim Mount, Microphone Bag, Foam Windscreen

DM20 POLAR PATTERN

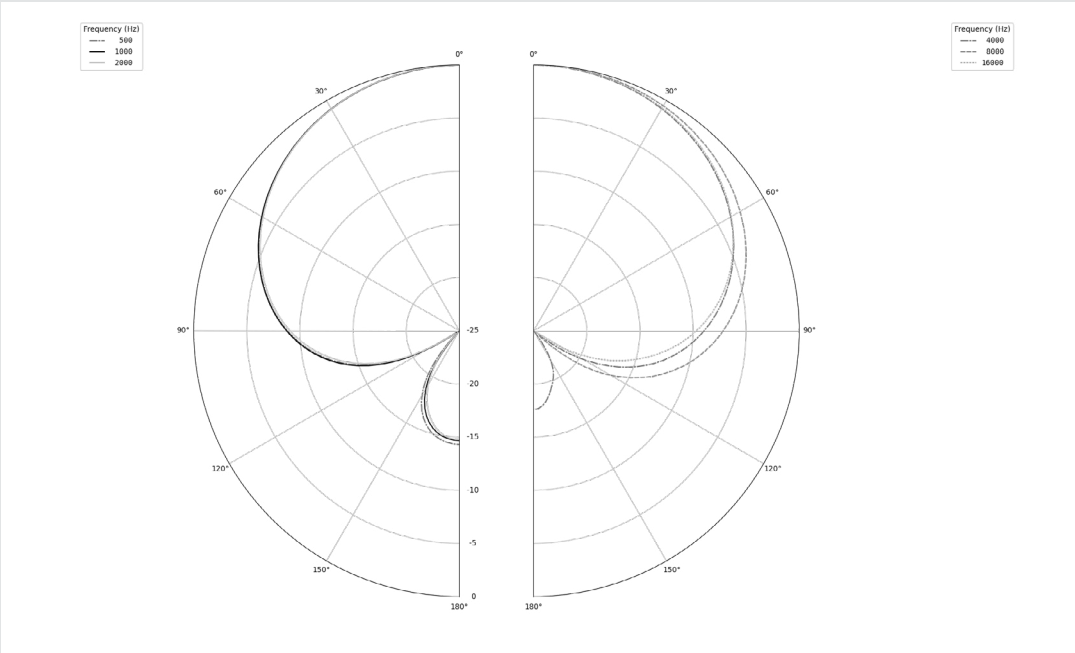

DM20 FREQUENCY RESPONSE

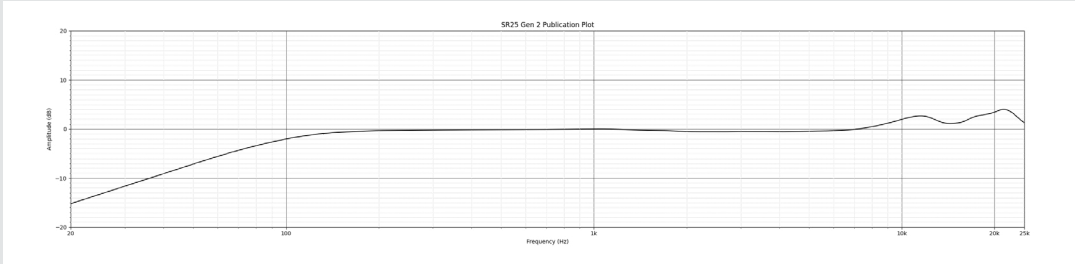

SR25MP SPECIFICATIONS

SR25MP GEN 2			
Frequency Response	20Hz - 25kHz	Current Consumption	48V, 6mA
Polar Pattern	Supercardioid	Dimensions L x D (For Each Microphone)	4.14 in x 0.860 in / 105.15 mm x 21.84 mm
Maximum Acoustic Input	148 dB SPL	Color	Stainless Steel
Sensitivity	-36 dBV/Pa (15.8 mV/Pa)	Combined Weight	0.50 lbs / 0.23 Kg
Microphone Type	Condenser	Manufacturer Part Number	SR25MP G2
Minimum Load Impedance	1000 Ohms	Included Accessories	2 Microphone Clips, 2 Microphone Bags, 2 Foam Windscreens

SR25MP POLAR PATTERN

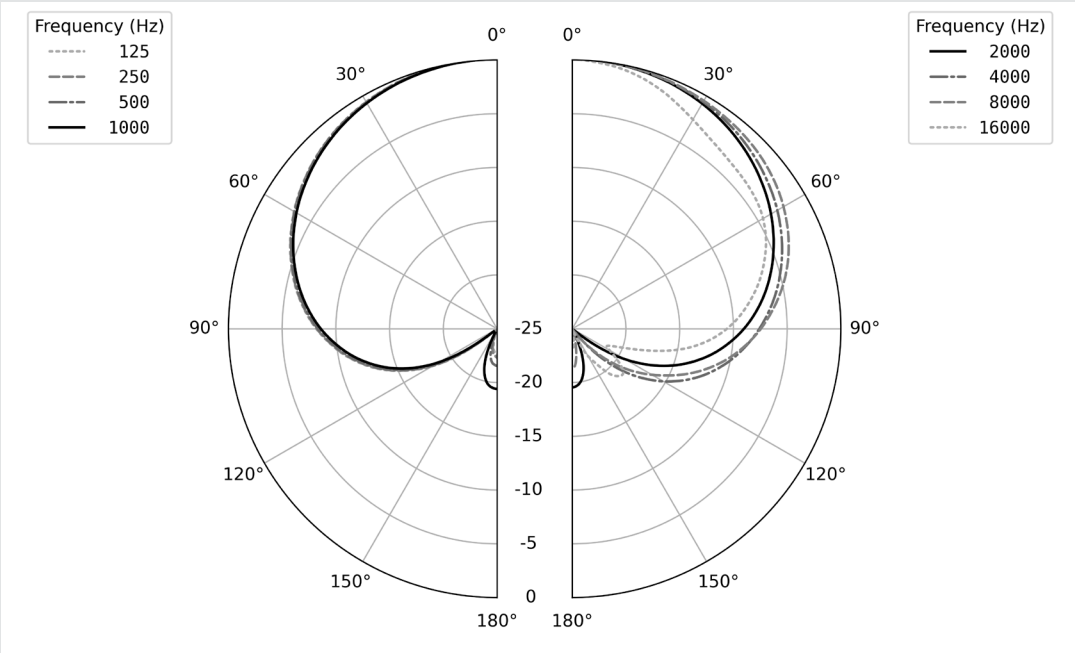

SR25MP FREQUENCY RESPONSE

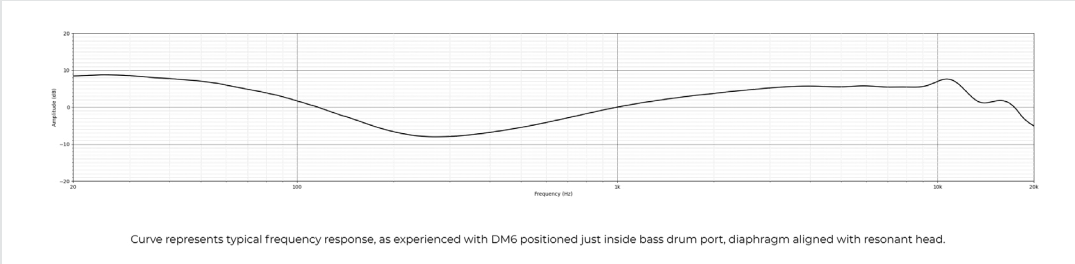

DM6 SPECIFICATIONS

DM6			
Frequency Response	20Hz - 20kHz	Included Accessories	M2-R Ball Mount, Windscreen
Polar Pattern	Supercardioid	Dimensions L x D	4.97" x 1.93" (Includes windscreen, does not include width of M2-R)
Sensitivity	-60 dBV/Pa (1mV/Pa)	Color	Stainless Steel with Black Windscreen
Power Requirements	48V Phantom, 6.5mA	Weight	1.25 lbs (0.58 kg)
Minimum Load Impedance	1kOhm	Manufacturer Part Number	DM6

DM6 POLAR PATTERN

DM6 FREQUENCY RESPONSE

RM2 SPECIFICATIONS

RM2 RIM MOUNT			
Weight	0.25 lbs / 0.12 Kg	Dimensions L x D	3.366 in x 1.224 in / 85.5 mm x 31.10 mm

CASE SPECIFICATIONS

DK7-C			
Weight	11.9 lbs / 5.4 Kg	Dimensions L x D	15.5 in x 12.25 in x 7.75 in / 393.7 mm x 311.15 mm x 196.85 mm
